THEMES

Herd Immunity, Social Payment Policy, Security System and Its Impact on Social, Economic, Engineering, Legal, and Health aspects.

Apa itu Herd Immunity?
#PakaiMasker #JagaJarak

Menurut WHO, herd immunity adalah kekebalan kelompok di mana kekebalan yang cukup akan menyebabkan penyakit tidak menyebar ke orang-orang lainnya.

Herd immunity terjadi dengan cara melindungi orang-orang yang rentan dengan menggunakan strategi terhadap virus tersebut.

Salah satu cara untuk mencapai herd immunity adalah dengan menggunakan strategi terhadap virus tersebut.

Herd immunity juga membantu memisahkan antara kelompok-kelompok yang rentan dengan kelompok-kelompok yang sudah terinfeksi.
